Firearms Safety Rules

Rifles are the most destructive of all small arms. PAY ATTENTION to what you are doing at all times!

- 1. Treat all firearms as if they are loaded. Always. No exceptions.**
- 2. Muzzles.**
 - a. Never point your firearm at anything you are not willing to destroy and take full responsibility both legally and morally for that action.**
 - b. This includes people, animals, infrastructure, vehicles, and yourselves.**
 - c. "Flagging" can, and will likely, result in loss of membership.**
 - d. Rifles are to be safely "grounded" or stored on racks when not in use.**
- 3. Backstops.**
 - a. Be absolutely sure of your target and backstop.**
 - b. Be absolutely sure that there are no obstructions between your muzzle and the target.**
- 4. Triggers.**
 - a. Keep your finger off the trigger until you are looking at the target through your optic.**
 - b. Keep your finger outside the trigger guard until you are looking at the target through your optic.**
